Acona is an independent CR consultancy based in London, but with staff across the UK. We advise our clients on the full range of social, environmental and ethical matters.

Four things give us a distinctive culture:

- clients can expect to build long-term personal relationships with a small number of partners
- we don't come to CR with any particular agenda, and are practical in our approach
- we do what's best for clients, treating each job as a first and avoiding the temptation to 'up-sell'
- we have a strong preference for evidence, analysis and data and don't mind challenging conventional wisdom and ingrained opinion.
